IS YOUR HOT WATER TOO HOT?

Water temperatures higher than 120°F can cause serious burns or even death. Children, people with disabilities and the elderly are at high risk for being scalded by hot water. Read and follow the instructions for your water heater before setting its temperature controls. Always test the water before stepping into the bath, bathing your child or helping a disabled or elderly person into the bath.

Help Your Neighbors in Need. Contribute to Sharing the Warmth

You can help the elderly, the disabled and families in need keep their homes warm and secure by donating to Atmos Energy's Sharing the Warmth program.

All donations are distributed to a local area non-profit energy assistance agency(s) that serves your community. Visit www.atmosenergy.com/share to find agencies near you.

Please indicate the contribution amount below to be billed monthly on your Atmos Energy statement.

Thank you for sharing the warmth with those in need in your community.
